

Congress succeeded in having his resolution to have both Houses adjourn over until the 2d of October passed by the House. It now goes to the Senate. It is hardly probable that the Senate will concur.

CONGRESSMAN ON THE WING.

From the manner in which members continue to leave the city, there is great danger of the House being without a quorum before adjournment.

THE JOHNSON CONVENTION.

George Francis Train is at Willard's, holding levees and granting audiences to all who desire to participate in the Philadelphia Convention. He has prepared the speech which he designs to commence the performance. It will be ready for distribution a week ahead, with "applause," "cheers," and "laughter," liberally inserted in the proper places. He swears there shall be at least one man in the Convention who holds no other office.

It comes from good authority that the managers of the Philadelphia Convention will make the Hon. Thomas Ewing of Ohio President of the Convention. Gen. Dix wrote his reply to Doolittle's letter flattered by the idea of getting the position, but Hendricks, Black Blair & Co. assert that Dix is of no account. They want a stronger man. In fact, there is great trouble in the camp of the President's supporters, as the President's private secretary, Col. Cooper, said in conversation the other day, that the admission of Tennessee into the Union by Congress had upset all the plans of President Johnson.

The so-called Conservative Republicans, headed by Raymond, Doolittle and Co., arose over the anticipated admission of Tennessee. Wood, Jan. Brooks, Ben. Wood, and the similar crowd of Copperheads as delegates to the Philadelphia Convention. The President, too, is alarmed, and it is said that he proposes sending Doolittle and Browning to New York City to fix matters. Their mission will be to see Dean Richmond, Sam Tridder, Harkin, and others, and have them keep Tennessee and party out of the Convention. The President is afraid that, if too many rank Copperheads get in, it will look bad, and people may suspect that it is not right.

Several able and energetic men, the patronage of the New York Custom House, Surveyor's and Post-Office will be given to Missouri after the adjournment of the Philadelphia Convention, to counterbalance the City patronage of Tammany Hall. Surely matters are coming to an interesting turn.

THE NEW POSTMASTER-GENERAL.

The Senate Postal Committee finally agreed, on Saturday, to report favorably on the nomination of A. W. Randall to be Postmaster-General. This will make his confirmation sure.

THE NEW ATTORNEY-GENERAL.

Mr. Stanbury, the prospective Attorney-General, was at the office, today, in consultation preparatory to assuming the legal part of the Government, he was being made conversant with the details of the Department. There seems to be no doubt of his confirmation.

THE AMENDMENT—A LETTER FROM JOHN BRIGHT.

The following is an extract from a letter received by the last week by Speaker Colfax from the Hon. John Bright. I watch with great interest what is passing with regard to the amendment to the Constitution, and I hope it will soon receive the sanction of the required number of States to make it final and irrevocable.

THE BOUNTY BILL.

Mr. Wilson will endeavor to tack his Bounty bill to the Civil Appropriation bill to-morrow in the Senate.

THE BANKRUPT BILL.

Mr. Poland is determined to press the Bankrupt bill to a vote in the Senate before adjournment.

THE NEW-YORK NAVAL OFFICER.

The contest for the naval office has pretty well narrowed down between Col. Hulst, pressed by Gen. Grant, and Col. F. M. L. Loring, pressed by the Executive. Loring is the favorite of the State. Gen. W. A. Wood, an avowed ally of Loring, has been in the city, and has been making many friends. All three are expected to have their names put in nomination. The contest will be a close one.

PERSONAL.

Gen. I. C. Baker, the Detective, is lying dangerously ill at his residence in this city.

Richard O'Gorman arrived in town to-day, and is stopping at the National.

Secretary Seward gave a dinner to the members of the Cabinet yesterday. Mr. Stanbury was present in place of Mr. Speed. Secretary Harlan was absent.

THE INTERIOR DEPARTMENT—APPLICANTS FOR PLACES.

John Wilson, Third Auditor at the Treasury Department, and lead of the organization of Conservative Republicans known as the "Strong Guard," created during the war, is an applicant for the position of Secretary of the Interior. But O. H. Browning of Illinois, an old pro-Slavery Waig, and one of the firm of the office and claim agency associated with Marshall Lamon, a recent partner of the Times, is also an applicant. The contest will be a close one.

The nomination of Joseph S. Wilson, brother to John, for Judge Edmunds's place, was made to appease the unreasonable hunger of the Auditor for the Interior Department. Joseph has been in the Land Office 30 years, and during Buchanan's administration he was its head. He is now chief clerk Judge Edmunds's, the removed Commissioner of the General Land Office, is the present President of the Legal Land Office, and the General Commissioner of the Land Office.

A resolution will be introduced in the Senate Committee on the subject of the release of the Fenian prisoners in Ireland.

THE PRESIDENT AND THE FENIANS.

George F. Train, in one of his recent and frequent heated communications with the occupant of the White House, furnished by the President with a copy of an old but very bitter speech of his, made against the Know-Nothings many years ago, which is to be unsent, at a Fenian meeting here to-morrow evening by the addresser Train. It is hoped that this speech may temper the indignation felt by all honest Irishmen over the supercilious and evil policy of the President in aid of England during the recent Canadian invasion.

THE FENIAN PRISONERS IN IRELAND.

The State Department has been advised that the following Fenian prisoners in Ireland have been released on account of retreating directly to the United States: Daniel J. Mahoney, Col. Burke, Bernard McDermott, Edward Morley, and ————.

THE NEUTRALITY LAWS.

The Committee on Foreign Affairs of the House have completed an elaborate report on the subject of the neutrality laws, and will, it is understood, recommend a thorough revision of the statutes affecting our neutral relations with other Governments.

THE BUREAU IN SOUTH CAROLINA—THE RATIONS QUESTION.

The correspondence with regard to what is responsible for the suppression of rations issues in South Carolina still goes on. Gov. Orr addresses a long communication to Gen. Sickles. The following is an extract:

I did not intend in our conversation to make the improvement in the issue of rations to be suspended or materially curtailed. What I meant was that there were many whites and blacks not fit subjects for public charity who applied for food, and that the only way to supply them was by the issue of rations to you that freedmen had not been placed under the authority and control of the local law of the State, and that no provision had been made for the issue of rations to the whites. I have no objection to the issue of rations to the whites, but I have no objection to the issue of rations to the blacks.

despite whites and blacks will be continued, and the evil which I have in a letter to-day called Gen. Sickles's attention to, will continue to exist. Your efforts, may I say, are greatly appreciated. I have the honor to be, General very respectfully, your obedient servant.

JAMES L. ORR, GOVERNOR.

REVISORY BOARD.

Gen. E. M. Gregory, J. W. Sprague, Davis Tillson, and Capt. J. W. DeForest and Chaplain M. French have been appointed a Board for the revision of the Bureau regulations, so as to comply with the present requirements of the new bill.

ACCIDENT TO GEN. HOWARD.

Gen. O. O. Howard, while riding down the avenue, on Saturday morning, came very nearly meeting with a serious accident. The coupling-pin of his carriage broke. The front wheel becoming detached from the body of the carriage, the horses became frightened, the driver was thrown from his seat, and the General dashed violently over the driver's seat against the dashboard. Having escaped unhurt, he could not but be thankful that he was not seriously injured. The driver was considerably bruised, and the horses were stopped with the trailing wheels and undercarriage of the carriage, before they had proceeded far. The escape from a frightful disaster was miraculous.

DR. BOYNTON.

The Rev. Dr. Boynton, House Chaplain, preached his closing discourse at the Hall of Representatives today. His subject was "God and our National Conflict." The effort was unusually able, and every part of the Hall and galleries were filled. After detailing the forces for and against the Union during the war, he stated that even now it was plain to see that God was on the side of the Union. He fought, and the millions who were on the side of the Union, and he prayed for our armies in the field, on the one side for justice and liberty, and on the other side as well, we won't name them, but all the others.
